Memo: Bid Ref# 201825_50%Caustic
Bid Ref# 201826_25%Caustic

Regarding typical delivery quantities:

50% Caustic – North Water Treatment Plant

- Between 6,350 - 12,700 lbs./load - avg. is 10,160 lbs.
- During colder weather may get 2 loads/week

25% Caustic – South Water Treatment Plant

- We generally get caustic in quantities of 330 gallon totes that are pumped off into our tank. We may get from 1-5 totes. Generally, it is more likely to be 1-3 totes at a time.
- Frequency depends on raw water conditions
