**Memo To:** Plan Holders

**From:** Tom Williams, P.E.  
HWU General Manager

**Re:** Chestnut – Norris Stormwater Project - Addendum No. 2  
Bid Reference: 2020 - 05

**Date:** 9 May 2020

Questions from Bidders, and Answers, so far:

1. Question: Bid Form calls for Two (2) Manholes, and there's only one on the plans?

Answer: Correct number of Manholes is one (1). A revised Bid Form, containing all the pages that must be submitted with the bid, is attached.

2. Question: I only see one new inlet in the drawing, but the bid seems to require two. I guess it means one is new and the other is connecting to the existing Inlet?

Answer: Contrary to the plan notes, C.B. AA-1 shall be replaced with a new, 30" x 30" inlet, per the details. The Bid Form correctly calls for two (2) new inlets.

3. Question: I don't see any spec on the required 5' wide Erosion Control Blanket?

Answer: Erosion control blanket shall be American Excelsior "Curlex I", in eight-foot (8') rolls (cover an 8' width, contrary to the plan notes). Installation shall be per manufacturer's recommendations.

4. Question: The bid document seems to require waterproof connections at the MH and Inlets. It also talks about vacuum testing. Is this going to be required for this storm water project?

Answer: We want water-tight connections on pipe sticks, and on the connections to inlets and manholes. We will test the manhole for water-tightness, but not the pipe.

Teleconference Bid Opening: Bidders will submit their sealed bids by customary means, prior to the bid opening time. At the specified time, a video teleconference will be broadcast to the public as allowed under KRS 61.826 and KRS 45A.080(4).

No primary location will be set for public attendance as per Kentucky Attorney General Opinion 20-05, and no public attendance will be permitted at this meeting due to the highly contagious nature of COVID-19.

**The Bid Opening will be broadcast on Zoom:**

When: 13 May 2020, 01:30 PM Central Time (US and Canada)
