

This folder should contain the following; a business card and a Wastewater Application. The pages are in this order, excluding this page.

- ◆ Logo Page
- ◆ Instruction Page 1
- ◆ Instruction Page 2
- ◆ Industrial Waste Application Page 1
- ◆ Industrial Waste Application Page 2
- ◆ Industrial Waste Application Page 3
- ◆ Industrial Waste Application Page 4
- ◆ Industrial Waste Application Page 5
- ◆ Industrial Waste Application Page 6
- ◆ Industrial Waste Application Page 7

These pages are intentionally loose to make it more convenient for you to fill them out. Rather than have the document bound, I decided to try the folder idea and see if this would help keep it organized. As you finish each page, please keep it in your folder and after you have completed all pages, please staple it.

I prefer that the folders be returned to me with the Wastewater Application inside for future use as these are required each time a permit is re-issued. You may want to keep a copy for your files as these are required each time a permit is re-issued.

If you should need additional copies, please go to www.hkywater.org and print any additional forms you need. Please be as current as possible on these and fill them out entirely.

Please complete and return this folder and contents to the Pretreatment Coordinator within sixty (60) days of the date you received it.

As always, if you have any type of question, you can reach me at the office number at (270) 826-2824 or at the direct number at (270) 869-6622.

Sincerely,

Gina Preston
Pretreatment Coordinator
