Re: Datacenter Upgrades  
Bid Reference: 2021-25

Date: 13 July 2021

[Additional questions from bidders and answers:](#)

1. Please send up a list of VMs with general use descriptions. In sizing the SAN, we need to make sure we don't have any uncompressible surprises. There seem to be some caveats to what is considered covered by the 4:1 data reduction guarantee.
  - a. We have a total of 21 active VMs. Of the 21, five of them are MSSQL servers with an estimated aggregate 125GB data size. The balance of the servers are web servers, file servers, domain controllers, and miscellaneous. The file servers contain various MS Office files, PDFs, pictures, videos, etc.

The bid opening date and time remains the same. 15 July 2021 at 1:30 pm CST

If you have any further questions, feel free to contact us at 270.826.2421

A handwritten signature in blue ink, appearing to read "Tim Fischbeck", is written over a horizontal line.
